- Delivered fully serviced and ready to use

Solar Panel

A solar panel fixed on the roof of the Mobi unit powers the fridge when the generator is not running.

the Mobi 16' x 7'6"

Externally constructed in galvanised steel, the Liberty Guard Mobile Stand Alone Health and Welfare Unit offers a secure and independent solution where portability is a necessity.

Constructed on a heavy duty chassis, incorporating an Al-ko twin axle arrangement, the unit includes facilities to comply with Health and Safety legislation all within a gross unladen weight of less than 2500kg.

With security in mind each entrance door comes complete with two no. five lever deadlocks, the window protected by a substantial steel shutter and the tow bar enclosed by a drop down lock box.

Anti-vandal wheel protection as standard.

The internal polyester coated linings and non-slip safety flooring offers a hygienic and easily cleaned environment.
